Title / Grade:		
Q1: Has the employee received management approval to drive for work?	Yes	No
Employees, servants or agents of a DSA must be formally approved to drive for work		
Q2: Is driving for work included in the terms of the employee's employment contract?	Yes	No
Please see the recommendation in relation to each employee category:		
<ul style="list-style-type: none"> Staff member - If driving regularly, this should be included in the terms of their employment contract e.g. bus drivers. If driving occasionally, formal approval by management is sufficient e.g. staff using pool cars; Agency and temporary staff 'contracts of service' - Permitted to drive DSA vehicles, if driving for work is included in the terms and conditions of their employment contract. Contract of service is when the DSA directs not only what to do but how to do it. DSA owes a higher duty of care to these persons e.g. agency nurses and contract IT staff; Volunteer / student - The SCA does not recommend that students on placements or volunteers drive DSA vehicles; External contractor 'contract for service' - 3rd party contractors should not drive DSA vehicles. Contract for services are independent contractors employed to undertake a particular job. DSA tells them what to do but the contractor decides how to complete the job and hires out their services for a fee e.g. contractor hired to build an extension.
